## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Dorchester:

I am pleased to present my first annual report as superintendent of the schools of Dorchester.

### The Year 1928-1929.

Total enrollment,	28
Schools in session, days,	179
Percent of attendance,	94.94
Cases of tardiness,	5
Visits by members of the board,	3
Visits by superintendent,	29
Visits by school nurse,	5
Visits by citizens and others,	30
Cost per pupil in the elementary schools,	\$188.84
Median for the state,	\$83.35

The figures in the tables above largely explain themselves. The unusually low number of tardy marks is especially commendable. The cost per pupil in the elementary schools is higher than that of more than half

the towns of the state. The consolidating of the North Dorchester and Cheever schools should effect a saving this year. Of the pupils enrolled in the school twelve are tuition paying pupils from Groton. In addition to the children in the Cheever school there is one from Dorchester attending the elementary school in Canaan and one attending the high school in Plymouth.

The building now in use seems to be well equipped and for the most part comfortable. There are, however, two things that would improve it: the straightening of the floor, and the addition of chemical toilets.

Respectfully submitted,

EDWARD A. JANES.

Superintendent of Schools.
